Store Makes Move after 33 years

Bug and Weed Mart continues its services with new Tempe location

TEMPE, Ariz.- Oct. 15, 2012- Bug and Weed Mart, a privately owned do-it-yourself supply store, specializing in pest and weed control, recently relocated its longtime Tempe location to a nearby 821 square foot storefront on Baseline and Rural roads in The Lake Country Village shopping center.

Since the opening of the Tempe location 33 years ago, Bug and Weed Mart owner and founder Jim LaBrie has been dedicated to providing customers with professional products, equipment and advice for getting rid of household pests and weeds. Customers can find solutions for an assortment of Arizona pests, including ants, bed bugs, cockroaches, crickets, scorpions and more.

“Fortunately we were able to move just a few doors down, so our Tempe customer can still find us in the same Tempe shopping center that we founded our first store in more than three decades ago,” said LaBrie. “It’s exciting to see the shopping center undergoing extensive remodeling, which will create new opportunities for neighboring businesses.”

In addition to the Tempe location, Bug and Weed Mart has four other convenient locations throughout the east valley, including Gilbert, Mesa, Phoenix and Scottsdale.

Bug and Weed Mart’s Tempe store is now located at 950 E. Baseline Road #104, and can be reached directly at 480-820-5034. For more information about Bug and Weed Mart’s services and locations, visit bugweedmart.com or email hello@bugweedmart.com.
